Soledad Community
HEALTH CARE DISTRICT

A Message from CEO Ida Lopez Chan
Soledad Community Health Care District

Dear Soledad Community,

As a proud product of South Monterey County, it has always been my mission to ensure our community receives the quality healthcare it deserves. From our skilled nursing care at Eden Valley to the essential services at Soledad Medical Clinic and the comprehensive care at the Women's Health Center, we are committed to supporting the health and well-being of our neighbors, families, and friends.

However, we are facing significant challenges. Medicare and Medi-Cal reimbursements, which account for over 75% of our district's patient revenues, are under threat. If these funding programs experience cuts, it could deeply affect our ability to continue providing these critical services. While we are working hard to advocate for fair reimbursement and support from state and federal officials, we encourage all community members to join us in this effort. Now more than ever, it's critical that we work together to raise our voices in support of healthcare funding.

How You Can Help
Your voice matters. I urge you to engage with your local policymakers and elected officials. Share your personal experiences and explain why healthcare access is so important to you, your family, and the community. Together, we can advocate for the stability we need to continue offering essential services.

Here are the key officials you can contact:

Our Commitment to You

While these changes and challenges may seem daunting, please know that we are actively exploring all options to ensure the long-term sustainability of our district. Our district is not just a healthcare provider; we are a cornerstone of the local economy, employing over 100 individuals and offering vital services to our neighbors and loved ones.

We are committed to working with our partners in government to protect the services you rely on. We will continue to advocate for fair reimbursement and do everything we can to secure the resources necessary to keep our district strong. Transparency is a priority for us, and we will continue to provide updates as we navigate these challenging times together.

Thank you for your support, and please consider reaching out to our elected officials today to make your voice heard. Together, we will continue to fight for the future of healthcare in South Monterey County.

Sincerely,

Ida Lopez Chan
